ABOUT KAPIT

KAPIT is a global exporter of certified auto parts, recognized under the official system led by the Korea Automobile Parts Association (KAPA) and approved by the Ministry of Land, Infrastructure and Transport of the Republic of Korea.

We were founded to provide a smart alternative to the rigid, monopolized OEM distribution structure—addressing supply imbalances and inflated pricing through a fair, transparent solution.

OUR MISSION IS TO REVITALIZE THE AUTOMOTIVE PARTS MARKET BY RETHINKING DISTRIBUTION AND DELIVERING CERTIFIED QUALITY AT COMPETITIVE PRICES.

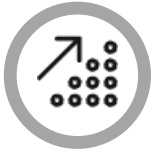

"ANCHORED IN TRUST, DRIVEN BY CERTIFIED AUTO PARTS"

OUR CORE VALUES

Mutual Growth

We collaborate with global partners across parts manufacturing, testing, and supply chain management—cultivating lasting relationships that go beyond transactions and generate shared success.

Anchor of Trust

We don't just deliver parts—we deliver assurance. Every KAPIT product is tested, verified, and trusted, because earning buyer confidence is our top priority.

Guaranteed Safety

KAPIT parts are certified through rigorous quality inspections, ensuring reliability and performance. Consumers can verify product safety by checking the official Seal.

Steady Ark

KAPIT sets and upholds the industry's highest quality standards—providing a steady, secure foundation in a fast-changing market.

Certified Auto Parts?

01

DEFINITION

Certified auto parts are officially approved by KAPA—the Korea Auto Parts Association, a government-designated certification body under the Ministry of Land, Infrastructure and Transport.

They are tested to match OEM-level performance and quality, offering global buyers a reliable and cost-effective alternative..

GLOBAL CERTIFICATION SYSTEMS

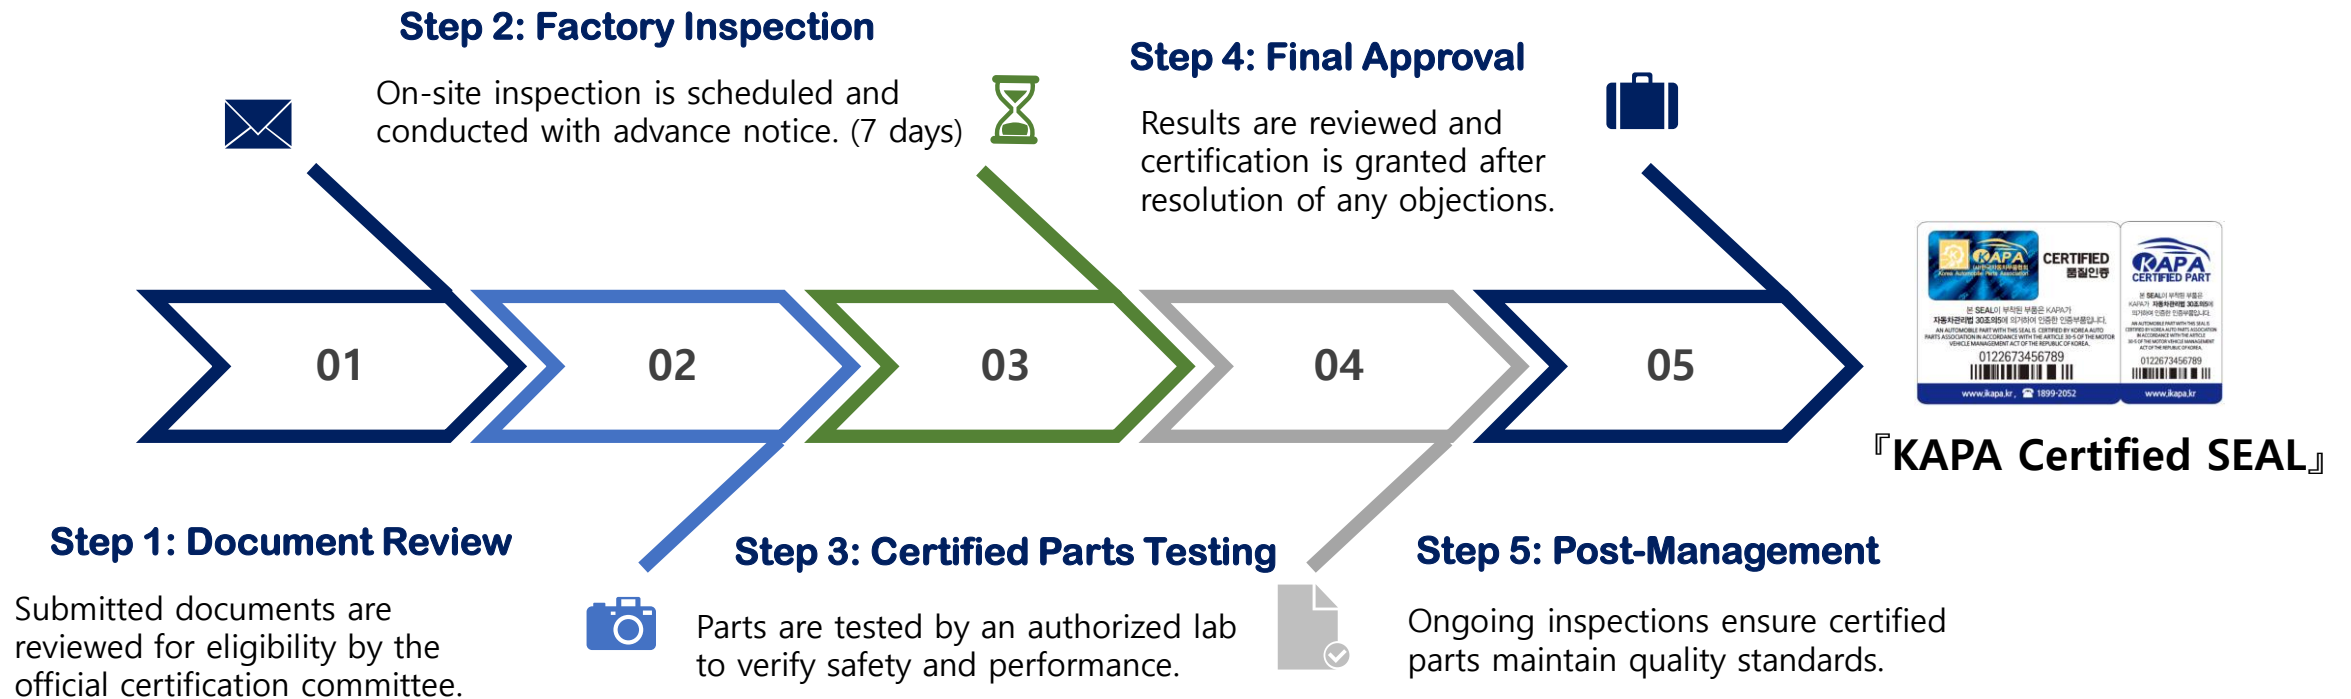

Korea: KCAP (KAPA, Korea Certified Auto Parts)

USA: CAPA (Certified Automotive Parts Association)

LOWER COSTS

28%

Buyers can import certified A/S parts at up to 28% lower cost than traditional OEM parts

▶ WITH KAPIT ?

" buyers no longer have to deal with unfair price negotiations or the stress of uncertain quality."

KAPIT ensures both stable pricing and reliable quality.

BUYER-CENTRIC

As Korean cars gain global traction and demand grows for brands like Hyundai and KIA, the need for reliable Korean auto parts continues to rise.

Conventional auto parts market

The conventional auto parts market remains limited in distribution and driven by suppliers, not buyers.

Controlled supply and a lack of transparency in distribution practices often lead to unstable pricing, inconsistent availability, and frequent delivery delays

“Tell us what you need”

Buyer-Centric KAPIT

KAPIT offers the most competitive pricing from the buyer's perspective

we provide tailored supply based on real-time buyer needs

Shorter lead times through an agile supply chain

COLLABORATION OPPORTUNITIES

WHERE YOUR BUSINESS GROWS —PARTNER WITH KAPIT

Secure Supply Chain

Eliminate the hassle of unreliable suppliers — ensure stability with KAPIT's certified supply chain.

Long-Term Collaboration

We build lasting partnerships focused on mutual growth — not just one-off deals

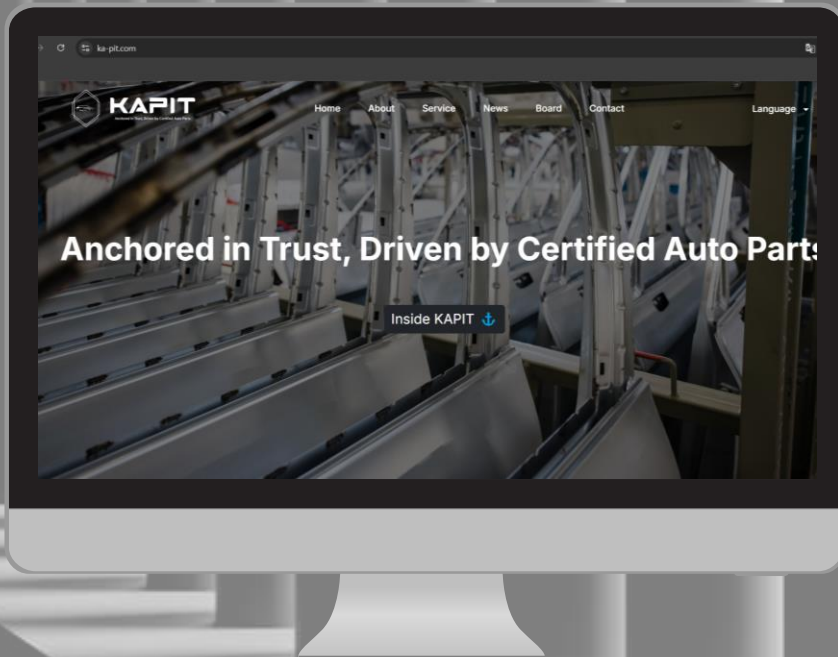

Enhanced Competitiveness

Gain a competitive edge with KCAP — trusted quality that opens doors to new markets.

KAPIT IS MORE THAN A SUPPLIER — WE ARE WHERE TRUST MEETS INNOVATION, AND YOUR GATEWAY TO CERTIFIED EXCELLENCE
